

When Jerry Day and Grant Mitchell first met they had no idea their careers would still be going strong in 2008. Along with Corby Oakley who joined in 1995, they remain a "Power Trio" rivaling much larger bands. They've backed up Ronnie Prophet at the Calgary Stampede Grandstand Show, worked with the legends like Buddy Knox, Lucille Starr and Al Cherney, to name a few, and been invited to represent Canada in Hong Kong on repeated occasions for the Chamber of Commerce. Their song list is different to say the least....Shania Twain in an all male band ??? The music reflects their humour, style and ability to please everyone.
